

Rafael Edward (Ted) Cruz is neither a U.S. citizen nor a Natural Born Citizen!

By William Taylor Reil

Simple objectively consider the following facts, history and law to confirm the truth of the title above:

1. According to Canadian Law, Ted Cruz became a Canadian citizen at birth on December 22, 1970. (Canada's Citizenship Act of 1947)

2. Ted Cruz released his Canadian "Certificate of Birth" in August of 2013. The "Name of Mother before marriage" stated on this COB is: "Eleanor Elizabeth Wilson".

(*The Dallas Morning News* reported on August 19, 2013: "Sen. Ted Cruz acknowledged late Monday that he probably has been a lifelong Canadian, ...")

3. U.S. Law prohibits United States citizens from holding dual citizenship. (Except State and federal citizenship)

(Nationality Act of 1953 requires "**renunciation of allegiance to any foreign country to which the immigrant has had previous allegiances**", as well as four other requirements. The oath starts by stating:

"I hereby declare, on oath, that I absolutely and entirely renounce and abjure all allegiance and fidelity to any foreign prince, potentate, state, or sovereignty of whom or which I have heretofore been a subject or citizen; ...")

4. Ted Cruz's Canadian citizenship was officially terminated on May 14, 2014.

5. One of the constitutional requirements to be a U.S. Senator is to have "been nine Years a Citizen of the United States" and "when elected, be an Inhabitant of that State for which he shall be chosen." (Constitution for the United States of America, Article I, Section 3, Clause 3)

6. During a campaign stop in Greenfield, Indiana on May 1, 2016, Heidi Cruz said: "Ted is an immigrant. He is Hispanic. We can unify this Party".

Therefore, Ted Cruz was **NOT** a Citizen of the United States when he ran and was allegedly elected a Senator of Texas in 2012. He is **NOT** lawfully a United States Senator, and never has been!

7. Like Barack Obama, "Senator" Ted Cruz has had the official records of his life sealed. Ask yourself why?

8. It is obvious to me, and many others, that Ted Cruz is actually claiming to be a **statutory** citizen of the U.S. (See: Title 8 U.S. Code, Section 1401(g)) However, since he was clearly a Canadian citizen until May 14, 2014 (at age 43), Ted Cruz, like his father, must go through the complete United States Naturalization System process to become a U.S. citizen. If he does this Ted Cruz will become a naturalized citizen. **He is currently, as a matter of law, an illegal alien.**

9. Ted Cruz is **NOT**, and never could be, a "Natural Born Citizen"! Ted Cruz apparently knew this fact in 2012.

10. Attached are three documents that I offer in support of the fact that Ted Cruz is **NOT** eligible to be President of the United States of America. Many more relevant documents and source references are available.

This year's election has publically confirmed that the Republican Party and the Democrat Party are private corporations. There is, rightly so, no authority for Primary Elections found in the Constitution of Pennsylvania. The Republican Party delegate selection process and rules are, at a minimum, immoral and unconscionable. They clearly have nothing to do with the required "consent of the governed" or the will of the voters of Pennsylvania.

How can anyone consider participating in the apparent fraudulent delegate selection process of the Republican Party? It is like the Party "endorsement" of candidates; not identifying on the election ballot who the proposed delegates will vote for if elected; not paying the cost: of having Constables at the polls, of the use of election site facilities and State owned ballot counting equipment, and of publishing election results; and not telling the people that being registered as a Republican does **NOT** make them a part of the Republican Party. These are all fraudulent, and in some cases theft of public funds and services. **We must reclaim our constitutional Republics!**
